
Application	ChreosClient – Chreos 3
Module	Maintenance
Access	“Maintenance Login”
Minimum service pack	SP26
This document	Login Ref 9.7 Release 1 Published February 2003

Overview

“Login” allows the current user to exit *Chreos* and another user to log in. This is an easy alternative to shutting *Chreos* down and restarting it.

Details Displayed

The ‘Security access’ screen will appear. The following details will be displayed:

- **User-name** – The user-name of the user.
- **Password** – The password of the user.

To Change Users

- When the menu option is selected the ‘Security access’ screen will automatically display. *Chreos* can not be used until a new user has logged in.
- The new user enters their ‘User name’ and ‘Password’.
- Click the [OK] button.
- The new user will now be logged in.

This information sheet is a support document related to the use of Chreos 3 from Wild Software Ltd only. It does not in any way constitute, nor is it intended to constitute or be used as, accounting or legal advice. Because Chreos 3 is subject to a process of continuous improvement Wild Software Ltd can no guarantee that the user’s version of Chreos 3 will be identical to the one described herein.
